Only ALPINA parts and not clear perceptible BMW parts which are different to the basic car are listed. For BMW parts the BMW parts catalogue has to be used. The abbreviations used in several columns on the text lines have the following meanings:

1. item column (POS): picture number equal to the shown part, o.A. = not pictured
 2. expression column
 3. part number column
 4. model column: wanted quantity; x = quantity is required
 5. RHD-column: RHD-vehicle
R = only for RHD-vehicle L = only for LHD vehicle
 6. AWD - column: A = only for all wheel vehicle, R = only for rear wheel drive vehicle
 7. remarks column (REM): a, b, c, ... country specification, use from/ up to,
other informations
A: part number exchangeable with the one mentioned in the next line
E: part Number is cancelled
W: part number is used alternatively by the one standing either before it or afterwards (also marked with „W“)
- The illustrations in this catalogue do not correspond to the original size and shape!

Base engine is the N62B44A from the BMW 545i (E6x)
